PRESS RELEASE

On the publication of revised quarterly gross domestic product data for the period from the first quarter of 2014 to the second quarter of 2016 according to the annual gross domestic product for 2014

In this press release, the Croatian Bureau of Statistics publishes revised data on quarterly gross domestic product for the period from the first quarter of 2014 to the second quarter of 2016 according to the annual gross domestic product for 2014.

The data are downloadable in Excel tables in **Statistics in Line**.

The data are presented for the period from the first quarter of 2000 to the second quarter of 2016. Data series have been adjusted according to the annual GDP calculation for the period from 2000 to 2014. Data for 2015 are provisional and calculated according to the preliminary annual calculation.

Quarterly data are published by major categories of expenditure and economic activities at current prices, constant prices of the previous year and constant prices of the reference year (2010 = 100) as real growth rates from original and seasonally adjusted time series data.

Data on the annual gross domestic product for 2014 were published on 30 September 2016 in the first release No. 12.1.4 entitled Annual Gross Domestic Product for 2014 (ESA 2010).
