

4. REGISTAR POSLOVNIH SUBJEKATA

METODOLOŠKA OBJAŠNENJA

Izvori i metode prikupljanja podataka

Na osnovi Zakona o Nacionalnoj klasifikaciji djelatnosti (NN, br. 98/94.), Odluke o Nacionalnoj klasifikaciji djelatnosti – NKD 2002. (NN, br. 13/03.) i Pravilnika o razvrstavanju poslovnih subjekata prema Nacionalnoj klasifikaciji djelatnosti – NKD 2002. (NN, br. 52/03.), Državni zavod za statistiku vodi Registar poslovnih subjekata. Registar poslovnih subjekata obuhvaća pravne osobe, tijela državne vlasti, tijela jedinica lokalne i područne (regionalne) samouprave i dijelove tih subjekata, što znači da se u Registar zasad ne upisuju fizičke osobe koje obavljaju djelatnost u skladu s propisima.

Upisom u Registar svakom se subjektu dodjeljuje sedmeroznamenkasti matični broj, a dijelu subjekta određuje se redni broj uz matični broj. Svakom subjektu i njegovu dijelu upisanome u Registar dodjeljuje se i šifra djelatnosti prema Nacionalnoj klasifikaciji djelatnosti (NKD 2002.).

Nacionalna klasifikacija djelatnosti (NKD 2002.) utemeljena je na Europskoj klasifikaciji djelatnosti – NACE, Rev. 1. 1. – koja je obvezatna za države članice Europske unije.

Subjekti upisani u Registar razvrstavaju se prema djelatnosti koju pretežito obavljaju tako da se prema Nacionalnoj klasifikaciji djelatnosti (NKD 2002.) određuje podrazred glavne djelatnosti. Kada je za subjekt rješenjem o upisu u registar kod nadležnog tijela ili propisom utvrđeno obavljanje nekoliko djelatnosti, prvo razvrstavanje prema NKD-u 2002. provodi se na prijedlog subjekta upisa. Svako sljedeće razvrstavanje subjekta kojim se mijenja glavna djelatnost provodi se:

- 1) na zahtjev subjekta i
- 2) prema službenoj dužnosti na osnovi promjene rješenja o upisu u registar kod nadležnog tijela ili promjene propisa odnosno na osnovi podataka iz statističkih istraživanja.

Djelatnost dijelova subjekta određuje se prema rješenju o upisu u registar kod nadležnog tijela ili prema propisu o osnivanju ili temeljnoj namjeni osnivanja, neovisno o djelatnosti subjekta u čijem su sastavu.

Upis prijave, promjena i odjava subjekata prati se dnevnom ažurnošću Registra. Izvori za Registar jesu:

- 1) registri što ih vode:
 - trgovački sudovi
 - ministarstva (npr. Ministarstvo pravosuđa, Ministarstvo rada i socijalne skrbi)
 - uredi državne uprave u županijama
 - druga registarska tijela
- 2) zakoni, odluke i drugi akti objavljeni u Narodnim novinama.

Obuhvat i usporedivost

Nacionalna klasifikacija djelatnosti 2002. do razine razreda (četvrti stupanj agregiranja) osigurava usporedivost i razmjenu podataka za iste takve subjekte u zemljama članicama Europske unije i ostalim zemljama koje primjenjuju NACE, Rev. 1.1., a do razine skupine djelatnosti (treći stupanj agregiranja) NKD 2002. osigurava kompatibilnost s Međunarodnom standardnom klasifikacijom djelatnosti Ujedinjenih naroda – ISIC, Rev. 3.1. – International Standard Industrial Classification of All Economic Activities.

Podaci iz Registra poslovnih subjekata objavljuvani u Statističkim ljetopisima do 1998. odnosili su se samo na registrirane subjekte. Od 1999. te smo podatke po obuhvatu i sadržaju dopunili usporedbom Registra poslovnih subjekata s registrima i administrativnim evidencijama drugih državnih institucija kao što su Registar poreznih obveznika, Registar aktivnih osiguranika mirovinskog osiguranja i Registar godišnjih financijskih izvještaja Fine. Tako je omogućeno iskazivanje podataka o fizičkim osobama koje obavljaju djelatnost u skladu s propisima, a za pravne osobe omogućeno je utvrđivanje temeljnih karakteristika njihove aktivnosti.

Definicije

REGISTER OF BUSINESS ENTITIES

NOTES ON METHODOLOGY

Sources and methods of data collection

Based on the Act on the National Classification of Economic Activities (NN, No. 98/94), the Decision on the National Classification of Activities – NKD 2002. (NN, No. 13/03) and the Regulation on the Classification of Business Entities according to the National Classification of Activities – NKD 2002. (NN, No. 52/03), the Central Bureau of Statistics keeps the Register of Business Entities. It includes legal entities, state government bodies, bodies of local and regional self-government units and parts thereof, which means that, for now, natural entities engaged in activities as prescribed by the Law have not yet entered into the Register.

By entering the Register, each business entity is assigned a seven-digit registration number, while its parts, beside that number, are assigned an additional ordinal number. All business entities and parts thereof are also assigned code numbers of activities according to the NKD 2002.

The National Classification of Activities – NKD 2002., is based on the European Classification of Economic Activities NACE Rev. 1.1, which is obligatory for all EU Member States.

Business entities are classified according to their prevailing activity in such a way that the subclass of the main activity is established according to the NKD 2002. When a business entity is appointed, by a decision on registration with the competent authority or by law, to perform more activities, the first classification according to the NKD 2002. is made upon the proposal of the business entity. Every subsequent classification of the business entity, resulting in the change of the main activity, is made in the following cases:

- 1) upon the request of the business entity and
- 2) upon official duty, based on the change of the decision on registration with the competent authority or change in the law, or based on statistical survey results, respectively.

The activity of parts of a business entity is established by a decision on registration with the competent authority or by the law on establishment, or on basic purpose of establishment, irrespective of the activity of the business entity they make part of.

Registration, change and withdrawal of business entities are daily updated in the Register. The sources for the Register of Business Entities are as follows:

- 1) Registers kept by:
 - trade courts
 - ministries (e.g. the Ministry of Justice, Ministry of Labour and Social Welfare)
 - offices of state administration in counties
 - other registration bodies.
- 2) Laws, decisions and other legal documents published in Narodne novine.

Coverage and comparability

The NKD 2002. up to the class level (fourth level of aggregation) ensures comparability and exchange of data for the same business entities in the Member States of the European Union and other countries that implement NACE, Rev.1.1, and up to the group level (the third level of aggregation), the NKD 2002. ensures compatibility with the International Standard Industrial Classification of All Economic Activities, ISIC, Rev.3.1.

Data on business entities from the Register of Business Entities, published in statistical yearbooks up to the year 1998, referred only to registered business entities. Since 1999, the coverage and contents of these data have been supplemented by comparing the Register of Business Entities to registers and administrative records of other state institutions such as the register of tax payers, register of active pension insurance beneficiaries and the Fina's Register of Annual Financial Reports. It allowed for the presentation of data on natural entities engaged in activities as prescribed by the Law as well as defining of main characteristics of the activities of legal entities.

Glavna djelatnost jest djelatnost koja se za subjekte koji ostvaruju dobit proizvodnjom, prometom robe ili pružanjem usluga na tržištu određuje prema najvećem udjelu u ukupnoj dodanoj vrijednosti, a za subjekte koji ne ostvaruju dobit proizvodnjom, prometom robe ili pružanjem usluga na tržištu prema najvećem udjelu broja zaposlenih prema platnoj listi i isplaćenim bruto plaćama.

Matični broj subjekta stalna je oznaka svakog subjekta. Matični se broj rabi u svim statističkim istraživanjima i pri razmjeni podataka sa sudovima, tijelima državne vlasti, tijelima jedinica lokalne i područne (regionalne) samouprave i pravnim osobama koje imaju javne ovlasti, a određuje se postupkom dodjele kontrolnog broja prema modulu 11.

Poslovni subjekti jesu pravne osobe i fizičke osobe koje obavljaju djelatnost u skladu s propisima te tijela državne vlasti i tijela jedinica lokalne i područne (regionalne) samouprave.

Registrirane pravne osobe jesu jedinice upisane u Registar poslovnih subjekata Državnog zavoda za statistiku, a odnose se na trgovačka društva, poduzeća, ustanove, zadruge, udruge, političke stranke i ostale neusklađene jedinice koje su imale pravni subjektivitet prema prije vrijedećim zakonima, tijela državne vlasti te tijela jedinica lokalne i područne (regionalne) samouprave.

Aktivne pravne osobe jesu jedinice upisane u Registar poslovnih subjekata navedene u prethodnoj definiciji za koje je status aktivnosti određen prema podacima Registra poreznih obveznika (godišnja prijava poreza na dobit) i podacima Registra godišnjih financijskih izvještaja Fine (Godišnji financijski izvještaj).

Fizičke osobe jesu jedinice koje obavljaju djelatnost u skladu s propisima, a odnose se na obrt i slobodna zanimanja. Podaci o tim jedinicama dani su prema evidencijama aktivnih osiguranika mirovinskog osiguranja.

Pravno ustrojbeni oblik označava vrstu subjekta upisa, a određen je rješenjem nadležnoga registarskog tijela ili propisom o osnivanju.

Definitions

Main activity is an activity established according to the largest share in the total value added in the case of business entities which make profit through production, trade or offering of services on the market, or by the largest share in the number of employees according to the payroll and gross paid-off salaries in case of business entities which do not make profit through production, trade and offering of services on the market.

Registration number is a permanent identification characteristic for each particular business entity that is used in all statistical surveys and is compulsory to be used in the data exchange with courts, state government bodies, local and regional self-government units, as well as with legal entities with public authorities. It is determined by the allocation of the control number according to module 11.

Business entities are legal entities and natural persons established on the basis of the Law according to which they perform allowed activities, as well as state government bodies, and bodies of local and regional self-government units.

Registered legal entities are units registered in the Register of Business entities of the Central Bureau of Statistics, which refers to trade companies, enterprises, institutions, co-operatives, associations, political parties and state government bodies as well as bodies of local and regional self-government units. Entities that gained the status of a legal entity according to the former law but have not yet been harmonised with the present law are also included.

Active legal entities are units registered in the Register of Business Entities, mentioned in the previous definition. Their activity status has been established according to the Register of Tax Payers data (annual registration of taxes on profit) as well as the Fina's Register of Annual Financial Reports (the Annual Financial Report).

Natural entities are units that perform activities in line with the law and refer to the crafts and free-lances. Data on these units are given according to lists of active beneficiaries of pension insurance.

Legal constitutional formation represents a type of registered entity and is determined by the decision of the competent registration authority or law on establishment.
