UVOD

Statistička izvješća Državnog zavoda za statistiku publikacije su s detaljnim podacima iz različitih područja statističkih istraživanja, a svako od njih sadržava cijelovit pregled podataka jednoga statističkog istraživanja ili nekoliko njih.

Serija publikacija Statistička izvješća nastavak je serije Dokumentacije, koja se do 1965. objavljivala povremeno, i to kao Bilteni, Publikacije i Saopćenja. Od 1965. objavljuje se redovito, a od 1997. nosi sadašnje ime.

U ovom izvješću objavljeni su podaci o turističkom prometu po vrstama objekata i zemljama prebivališta turista za 2013. te o smještajnim kapacitetima za svako naselje u primorskim gradovima i općinama u 2013.

Statistička izvješća sadržavaju uvod, metodološka objašnjenja i tablični pregled.

Na kraju izvješća objavljen je popis objavljenih publikacija i metodologija iz obrađenog područja.

Rezultati istraživanja iz područja statistike turizma objavljaju se i u drugim publikacijama: Statističkom ljetopisu, Priopćenju, Mjesečnome statističkom izvješću i Statističkim informacijama.

INTRODUCTION

The Statistical Reports of the Central Bureau of Statistics are publications containing detailed data related to various statistical subject areas, each of them including the thorough review of data obtained through one or more statistical surveys.

The series entitled the Statistical Reports is a continuation of the series under the heading Documentations, which was published periodically as Bulletins, Publications and Releases until 1965. Since 1965, it has been published regularly and, since 1997, it has been published under the present heading.

This Report presents data on the tourism turnover by types of establishments and tourists' countries of residence as well as on accommodation capacities for every settlement in seaside towns and municipalities in 2013.

The Statistical Reports are composed of the introduction, notes on methodology and tables.

At the end, there is a list of issued publications and methodologies concerning a particular field.

Survey results in the field of tourism statistics are also published in other publications: the Statistical Yearbook, the First Release, the Monthly Statistical Report and the Statistical Information.

METODOLOŠKA OBJAŠNJENJA

U ovoj publikaciji prikazan je promet turista (broj dolazaka i noćenja turista) te smještajni kapaciteti u naseljima primorskih gradova i općina u Republici Hrvatskoj za 2012. i 2013. Podaci prikazuju dolaske i noćenja turista po vrstama turističkih mesta, noćenja turista po vrstama objekata, dolaske i noćenja stranih turista po zemlji prebivališta, promet turista u naseljima primorskih gradova i općina te smještajne kapacitete po vrstama objekata.

Podaci su prikupljeni redovitim Mjesecnim izvještajem o dolascima i noćenjima turista (obrazac TU-11). Izvještaj se sastavlja na temelju evidencija u knjigama gostiju i na temelju prijave i odjave gostiju pri turističkim zajednicama.

Obuhvat

Izvještajne jedinice jesu svi poslovni subjekti (poduzeća/trgovačka društva, obrtnici, ustanove, udruge itd.) i njihovi dijelovi koji obavljaju djelatnost pružanja usluga smještaja turistima; zdravstvene ustanove za svoje objekte u kojima osobe borave radi medicinske rehabilitacije (osobe same snose troškove boravka); turističke zajednice za sobe za iznajmljivanje, apartmane, studio-apartmane, kuće za odmor, seljačka kućanstva te kampove u kućanstvima, poslovni subjekti koji su osnovali ili vode brigu i nadzor nad planinarskim domovima; poslovni subjekti koji se za vrijeme školskih praznika koriste školama, domovima i sličnim objektima kao privremene smještajne kapacitetima; poslovni subjekti spavači i kušet-vagoni te poslovni subjekti riječnoga i pomorskog prometa (samo redovite linije).

Smještajni objekti koji se razvrstavaju prema Pravilniku o razvrstavanju, minimalnim uvjetima i kategorizaciji ugostiteljskih objekata (NN, br. 88/07., 05/08., 49/08., 58/08., 75/08., 45/09., 44/11. i 118/11.) jesu: hoteli, hoteli baštine, aparthoteli, turistička naselja, turistički apartmani, pansioni, *guest house*, kampovi, kamp-naselja, kampirališta, kamp-odmorišta, sobe za iznajmljivanje, apartmani, studio-apartmani, kuće za odmor, prenoćišta, odmarališta za djecu, hosteli, planinarski domovi, lovački domovi, učenički domovi ili studentski domovi i objekti za robinzonski smještaj.

Osim ugostiteljskih objekata za smještaj reguliranim Pravilnikom, obuhvaćaju se i sljedeći objekti koji pružaju usluge smještaja: lječilišta, gostonice s pružanjem usluge smještaja, brodske kabine, spavači i kušet-vagoni te nekategorizirani objekti.

Smještajni objekti u kućanstvima i seljačkim kućanstvima prema Zakonu o ugostiteljskoj djelatnosti (NN, br. 138/06., 43/09., 88/10. i 50/12.) jesu objekti u kojima iznajmljivač vlasnik pruža usluge smještaja u sobi, apartmanu i kući za odmor, do najviše 10 soba, odnosno 20 stalnih postelja te usluge smještaja u kampu, organizirano na zemljištu koje iznajmljuje vlasnik, s najviše 10 smještajnih jedinica, odnosno za 30 gostiju istodobno.

Podacima nije obuhvaćen nekomercijalni turistički promet (boravak vlasnika, članova njihovih obitelji i prijatelja u kućama i stanovima za odmor), koji se prati posebnim statističkim istraživanjem (obrazac TU-11v).

U tablicama 1. i 2. indeksi su izračunani na bazi cijelih brojeva prije njihova iskazivanja u tisućama. Zbog toga ukupno katkad ne odgovara zbroju pojedinih stavki.

U tablice 6. i 7. uključena su sva naselja koja pripadaju primorskom gradu/općini. Prema Eurostatovoj metodologiji primorski gradovi/općine su oni gradovi/općine koji graniče s morem ili su blizu mora.

U tablici 7. sobe uključuju broj soba, apartmana, kamp-mjesta i/ili kamp-parcela.

NOTES ON METHODOLOGY

This publication presents data on the tourism turnover (the number of tourists arrivals and nights) and on accommodation capacities in settlements of seaside towns and municipalities in the Republic of Croatia in 2012 and 2013. The data show the tourist arrivals and nights by types of tourist resorts, tourist nights by types of establishments, arrivals and nights of foreign tourists by country of residence and accommodation capacities by types of establishments.

The data were collected on the regular Monthly Report on Tourist Arrivals and Tourist Nights (TU-11 form). This Report is produced on the basis of entries in guest books and of checking ins and checking outs of guests at tourist boards.

Coverage

Reporting units are all business entities (enterprises/trade companies, craftsmen, institutions, associations, etc.) and parts thereof engaged in providing accommodation services to tourists: health institutions for their establishments in which persons stay for medical rehabilitation (costs are on persons themselves); tourist boards competent for rooms to let, apartments, studio-type suites, summer houses, rural households and camping sites in households; business entities that founded or take care of mountain resorts; business entities that use schools, homes and similar establishments as temporary accommodation capacities during school vacations; business entities sleeping cars and couchettes and business entities in river and sea water transport (only scheduled lines).

Accommodation establishments categorised according to the Regulation on Classification, Minimum Standards and Categorization of Accommodation Establishments (NN, Nos 88/07, 05/08, 49/08, 58/08, 75/08, 45/09, 44/11 and 118/11) are the following: hotels, heritage hotels, all-suite hotels, tourist resorts, tourist apartments, boarding houses, guest houses, camping sites, small camps, quickstop camping, rooms to let, apartments, studio-type suites, summer houses, overnight accommodations, vacation establishments for children, hostels, mountain lodges, hunting lodges, pupils' homes or students' homes, establishments used in Robinson tourism.

Save the accommodation establishments categorised by the Regulation, this statistical survey adds to the category the following establishments offering accommodation services: spas, inns offering accommodation services, vessel cabins, sleeping cars and couchettes as well as uncategorised establishments.

Accommodation establishments in households and rural households, according to the Hotel and Restaurant Activity Act (NN, Nos 138/06, 43/09, 88/10 and 50/12), are establishments in which accommodation services are provided in a room, suite or summer house owned by a renter, with a limited number of vacancies up to 10 rooms, that is, up to 20 permanent beds as well as accommodation services on a camping site rented by the owner, with up to 10 accommodation units, that is, 30 guests at the same time.

The data do not include non-commercial tourist turnover (the stay of owners and their relatives and friends in villas and summer houses). This is covered by a separate statistical survey (TU-11v form).

Indices in tables 1. and 2. had been calculated on the whole -number basis before their rounding to the nearest thousandth. Therefore, it may sometimes happen that the total does not equal the sum total of individual items.

Tables 6. and 7. include all settlements appurtenant to a seaside town/municipality. According to the Eurostat methodology, seaside towns/municipalities are the ones that are adjacent to the sea or in a close vicinity of it.

In table 7., rooms include the number of rooms, apartments, camping sites and/or camping grounds.

Povjerljivost

Aggregirani podaci kod kojih postoje razlozi za povjerljivost (zbog malog broja jedinica, pravila dominantnosti ili sekundarne povjerljivosti) u skladu sa Zakonom o službenoj statistici (NN, br. 103/03., 75/09. i 59/12.) tretiraju se kao povjerljivi i stoga se ne objavljaju.

Definicije

Turizam su aktivnosti osoba koje putuju i borave u mjestima izvan svoje uobičajene sredine, ne dulje od jedne godine, zbog odmora, posla ili drugih osobnih razloga, osim zapošljavanja kod poslovog subjekta sa sjedištem u mjestu posjeta.

Turist je svaka osoba koja u mjestu izvan svojeg prebivališta proveđe najmanje jednu noć u ugostiteljskome ili drugom objektu za smještaj turista radi odmora ili rekreacije, zdravlja, studija, sporta, religije, obitelji, poslova, javnih misija ili skupova. U turiste se ne uključuju migranti, pogranični radnici, diplomati, članovi vojnih snaga na redovitim zadacima, prognanici i nomadi.

Turist je registriran u svakome mjestu ili objektu u kojem boravi. Zbog toga u slučaju promjene mjesta ili objekta dolazi do njegova ponovnog bilježenja, a time i do dvostrukosti u podacima. Prema tome, statistika evidentira broj dolazaka turista, a ne broj turista.

Domaći turist jest svaka osoba s prebivalištem u Republici Hrvatskoj koja u nekome mjestu u Republici Hrvatskoj izvan mjesta svog prebivališta proveđe najmanje jednu noć u ugostiteljskom objektu ili drugom objektu za smještaj turista.

Strani turist jest svaka osoba s prebivalištem izvan Republike Hrvatske koja privremeno boravi u Republici Hrvatskoj i proveđe najmanje jednu noć u ugostiteljskom objektu ili drugom objektu za smještaj turista.

Smještajni kapaciteti prikazuju se kao broj soba, apartmana, kamp-mjesta i/ili kamp-parcelsa i broj postelja. Primjenom Uredbe br. 692/2011. Europskog parlamenta i Vijeća o europskoj statistici turizma kapacitet smještajnog objekta iskazuje se iz mjeseca u godini kada je bio najveći.

Stalne postelje jesu postelje koje su redovito pripremljene za iznajmljivanje turistima.

Pomoćne postelje jesu one postelje koje se prema potrebi pripremaju za iznajmljivanje turistima i one rezervne postelje kojima se smještajni kapaciteti dopunjavaju za vrijeme sezone.

Turističkim mjestom u ovom istraživanju smatra se mjesto koje ispunjava sljedeće osnovne uvjete: atraktivne (prirodne ljepote, ljekoviti izvori, kulturno-povijesni spomenici, razne kulturne, zabavne i sportske priredbe), komunikacijske (mogućnost pristupa, prometne veze) i receptivne (objekti za smještaj i uz njih potrebni postojeći objekti za pružanje raznih usluga – trgovinskih, obrtničkih, poštanskih i slično, parkovi, kupališta, šetališta itd.).

Turistička mjesta razvrstavaju se u sljedeće vrste:

Zagreb, glavni grad Republike Hrvatske, mjesto je koje posjetitelje privlači prije svega kao administrativno-političko središte države te svojim povijesnim, etničkim, gospodarskim, urbanističko-administrativnim i drugim osobitostima.

Kupališna mjesta jesu mjesta kod kojih je ljekovitost termalnih ili mineralnih voda i ostalih geološko-mineraloških sastojaka znanstveno-medicinski ili empirijski dokazana i imaju odgovarajuće objekte s uređajima za liječenje i oporavak posjetitelja.

Confidentiality

Aggregated data for which there are reasons for upholding their confidentiality (e.g., a small number of units, the dominance or secondary confidentiality rules) are treated as confidential and are not published, which is in line with the Official Statistics Act (NN, Nos 103/03, 75/09 and 59/12).

Definitions

Tourism means the activity of visitors taking a trip to and staying in a main destination outside their usual environment for less than a year for business, leisure or other personal purposes other than to be employed by a resident entity in the place visited.

Tourist is every person who, outside his/her place of permanent residence, spends at least one night in a hotel or some other accommodation establishment for reasons of rest or recreation, health, study, sport, religion, family, business, public tasks or meetings. Excluded are migrants, borderline workers, diplomats, military force members on their regular duties, displaced persons and nomads.

A tourist is registered in every place or object of stay. It is repeated every time he or she changes the place or facility, which leads to the duplicity in presenting data. Consequently, a statistical survey registers the number of tourist arrivals and not the number of tourists.

Domestic tourist is a person permanently residing in the Republic of Croatia who spends at least one night in a hotel or another accommodation facility outside his or her place of permanent residence.

Foreign tourist is a person permanently residing outside the Republic of Croatia who temporarily resides in the Republic of Croatia and who spends at least one night in a hotel or another accommodation facility.

Accommodation capacities are presented as a number of rooms, apartments and camping sites and/or camping grounds as well as a number of beds. The application of the Regulation No 692/2011 of the European Parliament and of the Council of European tourism statistics, the capacity of an accommodation establishment presented is taken over from a month when it reached its maximum.

Permanent beds are those that are permanently ready for renting to tourists.

Extra beds are those that are got ready for renting to tourists as necessary as well as those that are used for supplementing the accommodation capacities during the season.

Tourist resort, as defined in this survey, is every place that meets the following basic criteria: attractiveness (natural beauties, health spas, various cultural and historical monuments, cultural, entertainment and sports events), availability of communications (accessibility, transport connections), availability of reception in establishments (accommodation and accompanying establishments to provide commercial, crafts and postal services, parks, promenades and bathing establishments etc.).

Tourist resorts are classified into the following categories:

Zagreb, the capital of the Republic of Croatia, is a place that attracts visitors mainly as an administrative and political centre as well as for its historical, ethnical, economic, town-planning and organisational and other characteristics.

Bathing resorts are places where the healing effect of thermal or mineral waters and other geological and mineral components has been scientifically or empirically proven and which have establishments aimed at healing and rehabilitation of visitors.

Primorska mjesta jesu mesta duž morske obale i na otocima.

Planinska mjesta jesu mesta koja se nalaze iznad 500 metara nadmorske visine ili leže u teritorijalnom okviru neke planine.

Ostala turistička mjesta jesu mesta koja imaju atraktivne čimbenike (npr. klimatske, kulturno-povjesne spomenike i slično), riječna i jezerska mjesta te druga mesta koja se ne mogu razvrstati ni u jednu od prijašnjih vrsta, a raspolažu objektima za smještaj turista.

Smještajni objekti razvrstani su u ove skupine: hoteli i slično, kampovi, kućanstva te ostali objekti.

Hoteli i slično uključuju podatke za hotele, hotele baštine, aparthotele, turistička naselja, turističke apartmane, pansione i guest house.

Kampovi uključuju podatke za kampove, kampirališta i kamp-odmorišta.

Kućanstva uključuju podatke za sobe, apartmane, studio-apartmane, kuće za odmor u kućanstvima, kampove u kućanstvima i seljačka kućanstva.

Ostali objekti za kolektivni smještaj uključuju podatke za sobe za iznajmljivanje, apartman, studio-apartman, kuće za odmor, prenoćišta, odmarališta, hostele, planinarske domove, lovačke domove, objekte za robinzonski turizam, gostonice s pružanjem usluge smještaja, lječilišta, brodske kabine, spavače i kušet-vagone, učeničke domove ili studentske domove te nekategorizirane objekte.

Podaci po naseljima dobiveni su prema sjedištu objekta, bez obzira na to što se obuhvaćeni objekti stvarno mogu prostirati na područje više naselja.

Seaside resorts are places located along the sea coast and on the islands.

Mountain resorts are places lying more than 500 meters above the sea level or in the territorial area of a mountain.

Other tourist resorts are places with attractive characteristics (e.g. climate, cultural or historical monuments, etc.), riverside and lakeside areas and other places that cannot be classified into any of the above-mentioned categories, but dispose of accommodation establishments.

Accommodation establishments are divided into the following groups: hotels and similar establishments, camps, households and other establishments.

Hotels and similar establishments include data for hotels, heritage hotels, all-suite hotels, tourist resorts, tourist apartments, pensions and guest houses.

Camps include data for camping sites, small camps and quickstop camping.

Households include data for rooms to let, apartments, studio-type suites, summer houses in households, camping sites in households and rural households.

Other collective accommodation establishments include data for rooms to let, suite, studio-type suite, summer houses, overnight accommodations, vacation establishments, hostels, mountain lodges, hunting lodges, establishments used in Robinson tourism, inns providing accommodation services, spas, vessel cabins, sleeping cars and couchettes, pupils' homes or students' homes and non-categorised accommodation.

Data by settlements were obtained according to the headquarters of an establishment, irrespective of the fact that the covered establishments may spread on the territory of more than one settlement.
